Subscribe to the CTTE Listserv

The CTTE Listserv is an Internet-based forum for sharing ideas, questions, and comments with fellow technology teacher educators and researchers around the world. Messages posted to the listserv will be sent automatically to all subscribers. CTTE members and others interested in technology education are invited to participate.

To subscribe to the CTTE listserv, address a message to:

listproc@listproc.appstate.edu

In the body of the message, type ONLY:

sub CTTE firstname lastname

Please note that “firstname” should be your actual first name, and “lastname” should be your actual last name. You will automatically be subscribed to the listserv, and all future postings on the listserv will be sent to the email address from which you subscribed.

Once subscribed, if you want to post a message on the listserv, address it to:

CTTE@listproc.appstate.edu

If you get a new email address, are moving or changing jobs, or just want to get your name off the listserv, again address a message to listproc@listproc.appstate.edu. This time, write “unsub CTTE firstname lastname” You will then need to re-subscribe, if desired, from your preferred email address.

If you experience difficulty you can contact the list manager at hoepflmc@appstate.edu.
